

North Vancouver Volunteer Spotlight

Marjan Darbari - Team Manager

Marjan Darbari has been managing the (going into) U16 Silver 1 Maverick team for the last 5 years and enjoys being involved with her son's sports teams and keeping the team running smoothly for the players and their families. She really appreciates the hard working Maverick's coaches and wants to support them so they can focus their efforts on coaching the players. This helped the Maverick team have a very successful season, winning the U15 S1 Division and both the North Shore and the Commonwealth Cups.

Volunteering as a Team Manager is very rewarding to Marjan. She feels like she's part of the team and able to share in their success. Marjan says that being a Team Manager has given her an appreciation of how much work goes into having kids play soccer.

North Vancouver FC appreciates Marjan's commitment to the Maverick team and to the Club.
