

**U9 KIRKSTONE FIELD MAP: 3 GAMES**

**Notes:**

Yellow is parent Viewing Area: Outside Perimeter Fence. Only players, coaching staff, & flag person on the actual turf. Space around the field is limited so this should be strictly adhered to by all.

Teams Set Up and Coaches/Subs in dark green areas that correspond with field.

Thick Border is main field white line while thin lines are black lines for U9 games. No cone set up necessary except for two cones at half way point (one each sideline) for retreat line.

Red is for team assembly area for next game, just inside fence. Players should arrive 20-25 minutes before KO. Have your team talk here but no warm up allowed at this point due to no space.

Warm-ups: A 15 minute buffer has been placed between each set of games. So after team assembly/talk, teams can take field for 12-15 minute warm up once game before is complete.

First games set up the goals using the six U9 sized goals on sight. Last games please push off all goals right up to fence so older team games can begin on time.

Games should start right on time so next games can have 15 minute warm up and start their games on time.

Fields are 33 yards wide x 48 yards long.
